Only TV Cameras Missing

As one of the onlookers remarked, the only thing missing from the "sudden death" play-off of the annual Falling River golf tournament were the TV cameras as Terrell Martin(right) and James Paulette (left) first tied up their scores in the Championship Flight, then tied again in reaching the first green. On the second hole it was almost a repeat EXCEPT for one stroke difference that gave James the Championship trophy for three years in a row. Now Champ's trophy is his to keep permanently, and for the 52 participating golfers there's another season coming and another tournament try waiting come next Labor Day week end.

fast as any crab could run, but the poor feller ran the wrong way! Maybe he got homesick. I have been to Crisfield many times, and if'n I return I will get them told off that next time we should hold the race in Virginia. True Virginians will travel if necessary, but they come back faster than they go. Outgoing, we proceed cautiously; but when we get turned around and head for home we are a traffic jammer. Space has run out, and I leave you with that thought: I love to travel, but Appomattox is HOME.

Planetarium Programs Set For September

CHATHAM—The planetarium located at the Educational and Cultural Center at Chatham will present "The Mysterious Moon" during the month of September.

Visitors will journey with the Apollo 11 astronauts to explore the facts and ancient myths concerning our nearest neighbor in space. They will see its hidden side and watch its changing face as the planetarium condenses months into minutes.

They will also witness a lunar eclipse.

From the blast-off of the giant Saturn rocket to LM's successful lunar landing, they will be on the spot. This will be an exciting adventure in learning for the whole family.

Programs are presented free of charge as a public service by the Pittsylvania County Schools each Tuesday at 7:30 p.m. In addition, the planetarium presents programs on the first and third Sunday of each month at 2 p.m.

Flag To Fly Year-Round

The United States flag was displayed prominently on Appomattox streets by businessmen and others as well for Labor Day, but here in the Jesse Osborne the flag flies every day the weather permits. Flown first over the United States Capitol Building cured for the Osborne's daughter, Stella, by Senative Watkins M. Abbitt. Part of each day's flag ceremony includes a salute, explains Mrs. Osborne, so that everyone Stella reaches school or Scouting age she is becoming acquainted with flag care and procedure in doing so. Old Glory.
